Thanks Ellen.

The below is an email I sent to the MOU partners last week. If you have any comments on the attached documents, please provide by June 9th.

Thanks and I look forward to working with you as well.

Best,
Stephanie

Subject: Confidential Draft ASAOC and SOW for PH Pre-Remedial Design Sampling

Hello LCT members,

As we discussed during our last call, EPA plans to begin negotiations with several PRPs for an ASAOC to conduct pre-Remedial Design sampling at the Portland Harbor Site. The Sampling and Analysis Plan (SAP) is currently being reviewed by members of the Technical Coordinating Team and will be included as an appendix to the SOW included as an attachment to the ASAOC.

Pursuant to the 2001 Memorandum of Understanding, please see attached draft ASAOC and SOW for your consideration and comment. The documents have not yet been provided to any outside parties, including the PRPs, and EPA considers them privileged and confidential information pursuant

to the MOU.

Please provide any comments on the attached documents to me by Friday, June 9th. If you have any questions or wish to discuss, please contact me at 206-553-0774 or Lori Cora at 206-553-1115.

Thank you.
